Toronto CPR

On behalf of the Nanny Angel Network I would like to personally thank you for supporting our program. By providing classes for our volunteers, we have the opportunity to ensure that our Angels have the best First Aid and CPR training.

As you know our Nanny Angels help moms with cancer by providing free relief childcare as well as activity kits and educational toys and books to entertain the children. Having the confidence that our volunteer Angels are professionally trained by such an amazing company is invaluable to our moms.

Thank you for your support, you have truly make a difference in the lives of families during their cancer journey every day.

With Warmest Gratitude,

A handwritten signature in purple ink that reads "Audrey Guth". The signature is written in a cursive style.
